

Hyundai/LG Gigafactory

STATUS:

In Construction

LOCATION:

Bryan County, GA

CONGRESSIONAL DISTRICT:

Georgia 1st

TECHNOLOGY(S):

Electric Vehicle (EV) Batteries

RELEVANT TAX PROVISION(S):

- Manufacturing Production Tax Credit (45X)

FAST FACTS:

- Automaker Hyundai and LG Energy Solutions will invest \$4.3 billion in Bran County to build an EV battery plant.
- Once fully operational in late 2025, the facility should create 3,000 jobs in Southeast Georgia.
- The facility is slated to produce approximately 30 gigawatt-hours of batteries annually, enough to power 300,000 vehicles, many of which will be produced at the neighboring metaplant.
